Dear Congressman Levin:

We should like to add our name to the list of supporters of your initiative to erect an appropriate monument in Washington, D.C. to the victims of the Great Famine-Genocide 1932-33 in Ukraine. This project will serve as a reminder of the evil of communism, foreign oppression and the great victory that was achieved by freedom-loving people everywhere, including the United States, when the iron curtain finally came down. Further, it will honor the 7 million innocents who perished as a result of a Soviet policy aimed at forced collectivization and punishment for national aspirations. Your past support for worthy causes is well known and appreciated. This initiative will be added to your already extensive list of good deeds.

Yours truly,

Askold S. Lozynskyj  
President, Ukrainian World Congress
